Serving with Campus
Crusade for Christ

Celle-ci était la véritable lumière, celle qui, en venant dans le monde, éclaire tout être humain.

John 1:9

Hello friends!

Un BACK TO WORK

Dan is recovering from cubicle shock as he started working in the Upper Midwest regional office. Fabric walls and the hum of a computer screen are worlds apart from the lively smoke filled cafés where he'd approach French students. It is exciting, however, to be able to use other skills to help build the Kingdom. His time in computer consulting is paying off; they've already set him to reloading computers and making their databases more efficient. In the grand scheme of things we're lending a hand to all Campus Crusade ministries in Minnesota, North Dakota, Iowa, and Wisconsin. Lord, may these months here help build Your Kingdom!

Deux MAY'S SPECIAL ROLE

What about May? She's been especially busy the past few months. Approximately 13 weeks ago the Lord began creating a new life inside of her. In fact she had a doctors appointment today and we all heard the rapid fluttering heartbeat of the next edition to our family! Silas is going to be a big brother, but he's mostly looking forward to seeing mommy get bigger. As we pray together before bedtime we thank God for the gift of life, and the little baby that's growing inside of Mommy.

Trois REPLACEMENTS ON THE WAY

In just a few days the new team will arrive in Toulouse! We spent a day with the two leaders sharing as much vital information

as possible and answering their many questions. It was fun to see the excitement in their eyes as they tried to anticipate what awaits them in France. It is as impossible for them to imagine the adventure ahead as it was for us to impart two years of experience to them. We all did the best we could but nothing can replace total dependence on God. He is with them and that is the most important!

Quatre SHARING OUR HEART

God continues renovating our hearts as only He can. We'd like to share with you some things He's teaching us. You might have noticed this common thread in our letters – dependence on God. This started when some good friends shared a working, present day definition of idolatry. An idol doesn't have to be a gold or silver statuette we bow down to, it's anything we depend on more than God! This could be money, friends, our spouse, even ourselves. An idol could also be control, the opinion of others, or happiness. We've begun asking ourselves what we're depending on, and it's surprising how often something's amiss. God wants us to depend on Him above anything or anyone. We can trust Him entirely, and He never lets us down like others can. When we're fulfilled in God first, then we're truly free to love others unselfishly – like Jesus did. Lord, continue to renovate this old heart. Help us depend on You today and every day! His blessings to you!

Please pray...

- For the team of 11(!) as they arrive in Toulouse.
- For May and our new baby's health
- For God's provision as we continue to build our team of supporters.
