

# LA LUMIÈRE

November, 2003

Dan and May Workman  
Serving with Campus  
Crusade for Christ

Celle-ci était la véritable lumière, celle qui, en venant dans le monde, éclaire tout être humain.

John 1:9

## Un **THINK INTERNATIONALLY**

We heard this story from a nearby campus and it really touched our heart. We've been the foreigners with little resources in a faraway land. We hope it inspires you too!

"At Minnesota State University, Mankato, the students and staff thought of a great way to reach out to the international students. There are many international students living in off campus housing. As they are from overseas, they do not have many apartment furnishings. It is also difficult for them to get transportation to local department stores.

This fall, Campus Crusade staff and students partnered with other ministries for a free international "garage sale."

People from the community donated furniture, linens, dishes, and clothing. There was enough to fill a whole gym! The international students were then invited to "shop"- and they were not charged a dime. Campus Crusade student leaders were on hand with their vehicles to transport the items to apartments. In the process, they were able to have some great interaction with the international students."

What a great way to minister to our international guests and open doors for ministry. This year we've invited some foreign students to share Thanksgiving dinner with us. How do you think the Lord might use you?

## Deux **CLEANING HOUSE**

Blaster, Welchia worm, Backdoor, Trojan horse - if you know what these are (and you're reading this at your computer) we just

sent shivers down your spine. The proliferation of computer viruses recently has been terrible. Did John mention that as a sign of the end times? The office Dan is working at has had its fair share of troubles. Once the network was so bogged down that email and Internet access were impossible. It may not be the most glamorous way to serve the Lord, but making the network run smoothly again was important work. Some planted, others watered, and still others made sure they had seed and water.

## Trois **SHARING OUR HEART**

"How do you define success?" is a question we've been asked and honestly wrestled with. Any missionary laboring over hard soil wrestles with that question. After all, the goal is to bear fruit. But it's God who asks people to work that hard soil, and He who bears the fruit. So ultimately, what is our responsibility? Here is what God has laid on our hearts – two simple things. Do what God asks, and rely on His power to do it. If we're doing these two things, we're successful. It's simple, but not easy. Doing what God asks implies sensitivity to His will. And being obedient is productive only if we rely on the power of the Holy Spirit. Ask God what He would have you do today, and trust that He can accomplish it through you!

Please pray...

- That we would find affordable housing in Billings starting in February.
- For our baby boy's health as he grows and develops.
- For God's provision as we continue to build our team of supporters.

His abundant blessings to you!  
Dan, May and Silas
