Celle-ci était la véritable lumière, celle qui, en venant dans le monde, éclaire tout être humain.

John 1:9

Un HEATING UP

"Isn't it HOT in here?" This is a question Dan hears often these days. There is an ongoing disagreement over running the air conditioner in our motel room. Although May didn't show much in our Christmas picture, she is beautifully pregnant. Of all places for her pregnancy heater to finally kick in – it had to be Florida. We're at Daytona Beach right now for Campus Crusade's new staff training. The schedule is packed full, but we're learning lots that will help us as we venture out again – this time as bona fide staff. After we're done with new staff training there are two main steps we must complete before we leave for Germany – raising our financial support and cultural training to live overseas. We've celebrated two birthdays this month, Silas turned three and Dan turned 30. Silas likes to eat the frosting off the cake first!

Deux IN DREAMS

It's been said that you know you're finally thinking in a language when you begin to dream in that language. One morning last week May had to nudge Dan awake. The alarm she'd set right beside his pillow didn't even faze him after so many late nights studying. "It's happened!" he exclaimed as he woke up, "I'm dreaming in theology." If you live and breathe something every waking moment it's bound to enter your sleep. Seven books and hundreds of pages later, this was about much more than passing the final. The Doctrine Survey and Inductive Bible Study

courses have helped us see God more clearly and equip us to examine the richness of the Bible more accurately. May what we've learned reach our hearts so that we fall more and more in love with our Savior!

Trois SHARING OUR HEART

The passage we focused on for the Inductive Bible Study course was Ephesians 3:14-21. This is a beautiful portion of scripture! The climax of Paul's prayer is that we be "filled with all the fullness of God." What a mind-boggling concept, that the infinitely loving God wants to fill us with His fullness! Yet our lives are filled up with so many other things: worries, wants, need for acceptance... You fill in the blank. How can we be filled with all the fullness of God? We're fallen, finite people. But God is an extreme God. Just think about the magnitude of Christ's love – it's infinite. It goes on forever. Nothing can take away from it; nothing can add to it. As we turn toward this love and embrace it – it transforms our hearts, breathing new life into our broken souls. This is the fuel we're running on, the only thing sufficient to keep us going. We pray that as you consider Christ's love it fills you with all the fullness of God!

His abundant blessings to you!
